*A Sophisticated, yet simple solution to call for help when you need it !*

### About Us

Life Saving Angel, Establish since 2007, is a company whose goal has been to bring emergency assistance and security to seniors and people with reduced mobility. People with health issues and reduced mobility can have accidents at home. Living alone, will not be the dread and worry that plague many families and seniors, because the Life Saving Angel can literally, save a life.

- When triggered the system calls up to four numbers
- Wireless wristband or pendant immediately triggers the system
- No contracts, no extra fees and no hidden costs- Easy 5-minute setup

**SECURITY AND PEACE OF MIND  
24 HOURS A DAY!**

### The Maestro

**COMES WITH WRISTBAND BUTTON  
BLACK OR WHITE**

**WHITE PLASTIC**

**ELASTIC STRAP**

### The Fall Sensor

Fall Sensor pendant is designed for detecting a fall, offering a comprehensive way of managing your risk of falling 24 hours a day.

If a fall is detected, a call is automatically dialed to your personal contact telephone list ( family, friends, neighbors etc... ) to open a two way communication to ensure user's problem is handled properly and timely.

Size : **5.7 cm X 4.2 cm**

### Talking Pendant

The Voice Reach Talking Pendant, is the smallest and the most delicate in the market.

With microphone and speaker inside, you can talk to the Central Monitoring Station right through the pendant like a speaker phone.

Size : **6.1 cm X 4.2 cm**
